## 👤 Personal Information

Name: Fredy Acosta Rodriguez
Birthdate: April 10 1970
City: Bogotá, Colombia
Program: Software Analysis and Development
Instructor: Yudi Zuleyma Timana Celis

## 💬 Welcome Message

Hello! I am excited to share my academic journey with you. I am currently studying Software Analysis and Development, a program that prepares me to build innovative software solutions.

## 📘 Program Overview

This program focuses on software design, development, and analysis. I learn programming languages, databases, and agile methodologies. It helps me understand how modern software works.

## 🎯 My Expectations and Interests

I want to become a skilled software developer and work on real-world projects. I enjoy learning about new technologies, solving problems, and creating useful applications.
